Re: Administrative Order Closure
Docket No. SDWA-08-2005-0018
PWS ID #5601503

Dear Messrs. Pollack and Leath:

This letter is to inform you of the Environmental Protection Agency's (EPA) decision to close the Administrative Order, Docket Number SDWA-08-2005-0018, issued to the Wagonhound Ranch ("Ranch") on May 3, 2005. Based on the information provided by Wagonhound Ranch, EPA deactivated the Ranch as a public water system on June 5, 2006 due to the system not serving the minimum 25 persons or 15 service connections. As a reminder, the Ranch is required to notify EPA if the population or number of service connections reach the minimum required to become a public water system in the future. It is recommended that the Ranch, at a minimum, continue to monitor the system quarterly for bacteriological quality.

If you have any questions related to this matter, please call Kathelene Brainich of my staff at (800) 227-8917 X6481.

Sincerely,

SIGNED

Lisa Kahn, Team Lead
Drinking Water Enforcement Program
Office of Enforcement, Compliance
and Environmental Justice
